Cantus

Golden Earring

Bea had 3 concerts with her choir ØNK

Bea at work

2017 was a crazy year at work for Bea. Leading two large international projects means a lot of traveling and meetings.

Presenting at ISPGR in Fort Lauderdale

In addition, she presented her work at three international conferences, and organized a fourth one.

Busy organizing ESMAC in Trondheim

Furthermore, she gave 4 invited lectures across Norway, was in Ireland for a doctoral defense, and in Brussels to talk about Horizon 2020.

PreventIT consortium in Stuttgart

Bea presenting some of the major achievements in the EU-project PreventIT for the reviewers.

Part of the EXACT group in Flensburg

Albert at work

Albert was busy at work as well in 2017. The merger with 3 other organizations and 2 major projects with other Norwegian universities, caused a lot of travelling and meetings.

A lot of meetings

Most of the time travelling for work is comfortable and you have the opportunity to enjoy a great view, but sometimes it's more scary.

Ansatte fortalte om lufting og frykt for å miste jobben

- Vi er knallharde på vårt fakultet. Lufting skal ikke forekomme, sa HR-sjef Albert Verhagen ved NTNU da midlertidighet i akademien ble diskutert på Litteraturhuset tirsdag kveld.

In November Albert participated, together with union representatives, in a panel debate about temporary contracts.

Enjoying the good life
We saw many corners of the world in 2017.

Prague, Czech Republic

Ireland

Hamburg, Germany

Zeeland, the Netherlands

More traveling...
... to additional corners ☺

Our Norwegian Spirit

Life outside

Living in Norway offers us great opportunities for outdoor activities

Living next to the forest makes that a lot of animals come very near our house

We wish you
a merry Christmas
and
a happy new year!
